Our corporate compliance plan reflects the commitment of Baptist Senior Family to comply with the laws and regulations that apply to our business, and to promote the highest standards of ethics and quality of care in the conduct of that business. Baptist Senior Family (the Organization) includes Baptist Homes Society (Baptist Homes, Providence Point), Baptist Homes Foundation, Baptist Management Services, Providence Home Care and Providence at Home as well as any subsidiaries and/or affiliates that may be added in the future.

Our corporate compliance plan includes, but is not limited to, the requirements of the Centers for Medicare and Medicaid Services (CMS), the Pennsylvania Department of Health, the Pennsylvania Department of Human Services, the Department of Housing and Urban Development (HUD), the Health Insurance Portability and Accountability Act of 1996 (HIPAA), the Patient Protection and Affordable Care Act of 2010 and the Elder Justice Act. It also addresses the Organization's Code of Ethics, which is established by the Baptist Senior Services Board of Directors.

We hold all staff, Board members, physicians, contractors, volunteers and vendors responsible for conducting themselves in accord with the standards of our compliance plan, and require anyone who has concerns or questions regarding ethical or compliance issues to immediately contact his/her Supervisor, Department Director, Executive Director, President & CEO, or the Corporate Compliance Officer in person or to an outside company via the compliance hotline at (855) 222-4953, email or text to reports@lighthouse-services.com or fax to (215) 689-3885. Conduct in violation of the standards of our corporate compliance plan will result in consequences up to and including termination of the employment or business relationship.

II. Baptist Senior Family Corporate Compliance Plan

A. Oversight

The Organization's Board of Directors and the President & CEO oversee the implementation of the corporate compliance program, and make reasonable efforts to assure that appropriate financial and human resources are available to support the program on an ongoing basis.

The Organization's Risk Management Committee implements written compliance-related policies and procedures, and conducts periodic reviews of compliance-related issues. Detailed compliance related policies are 103, 114, and 118 of the Organization's Corporate Policy and Procedure Manual. The Risk Management Committee is comprised of, but not limited to, individuals in the following positions: President & CEO, Executive Director (of all communities), Compliance Officer, Chief Financial Officer, Director of Human Resources, Director of Marketing and Public Relations, Board representation; Director of Community Operations, Nursing, Independent Living, and Personal Care (of all communities), and insurance broker representative(s). The Risk Management Committee meets quarterly.

Through its Quality Assurance Performance Improvement (QAPI) process, the Organization conducts monthly audits which are reviewed quarterly. Specific key indicators, which reflect a number of these audits, are reported to the Board of Directors quarterly.

The Corporate Compliance Officer monitors the compliance hotline, and investigates and addresses compliance-related concerns and questions.

B. General Compliance Standards

The Organization is committed to complying with **all** applicable laws and regulations. The following general compliance standards are not an exhaustive list, but serve as a guideline for our operations, and identify the types of conduct that the compliance program is designed to prevent. Both the Risk Management Committee and the Corporate Compliance Officer are prepared to provide individuals with assistance in meeting the standards of our corporate compliance plan.

1. Admission and Provision of Services

Admission, Transfer, and Discharge Practices

The Organization makes no distinction in the admission, transfer, discharge, or care of residents based on race, color, religion, disability, ancestry, national origin (including limited English proficiency), age, sex or sexual orientation. Clinical care is based on identified resident health care needs, not on payment source or economics of the Organization.

Resident Freedom of Choice

The Organization respects a resident's freedom to choose the healthcare provider of his/her choice. According to Medicare law, an individual who is entitled to benefits may obtain healthcare services from any institution, agency, or person which is qualified to participate in the Medicare program and which chooses to provide the services. Examples include, but are not limited to, hospitals, hospice services, and attending physicians.

Resident Rights

The Organization provides each resident a written statement of resident rights, facility charges, and as applicable, a clear explanation of care. All residents are treated in a manner that preserves their dignity, autonomy, self-esteem, civil rights, and involvement in their own care. Residents may select advance directives, including living wills and durable powers of attorney, which are honored to the extent permitted by law and within the capabilities of the Organization.

Quality Care and Services

The Organization employs or contracts only with those persons who have proper credentials and experience, conform to the standards of their respective professions, and exercise sound judgment in the performance of their duties.

2. Confidentiality

A resident's medical, financial, or other personal information is not disclosed to anyone except as permitted by law or with the resident's permission. Electronic transmission of claims for payment, assessment information, and other data are completed in accordance with all applicable legal guidelines.

Staff members have an obligation to maintain the confidentiality of salary, benefit, and other personal information related to staff members and to prevent the release of this information beyond those individuals who may need it to fulfill their job responsibilities. The Organization maintains personnel files, payroll information, disciplinary matters, and other personal information in a manner designed to ensure confidentiality.

Information concerning the Organization's business dealings and practices, business records, trade secrets, strategic initiatives, etc. is proprietary information and is not shared with others outside the Organization, except as required by law or the terms of a business relationship approved by the President & CEO.

3. Conflicts of Interest

A conflict of interest generally exists when a staff or Board member's personal interests or activities could influence judgment in the performance of duties for Baptist Senior Family. Staff and Board members may not use their positions to profit personally, or to assist others in profiting, at the expense of the Organization.

4. Business Practices

Business transactions between the Organization and its vendors, contractors, or other third parties are conducted in a fair and impartial manner. Staff and Board members accurately represent the Organization, and do not engage in any activity or scheme intended to defraud anyone of money, property, or services.

Tips and Gifts: No Baptist Senior Family staff member may request or accept tips or gifts from residents, families, visitors, or vendors. Gifts that can be shared with others, such as food, may be accepted if they are made available for other staff members to enjoy.

Acceptance of meals, or other entertainment for the purpose of meeting to discuss business matters, is permissible if the meal or entertainment is not of more than nominal value. Gifts of money are prohibited regardless of the amount.

Fundraising: The “Anti-Kickback Statute,” prohibits accepting a gift or donation which is intended, or implied, as a kickback and/or incentive for business or services. There is no prohibition against the offer, or acceptance, of a gift or donation intended to support the charitable mission of the Organization. Acceptance of such a gift or donation from a business partner or vendor does not imply that a relationship will be preserved, result in increased business or preferential treatment, result in recommendations or referrals, or be considered in making any decisions related to the preservation of a relationship with that vendor or business partner.

Contracts: The Organization conducts the contract development process in accordance with established Organization policies. Staff and Board members must not disclose proprietary information about the Organization in order to further their own interests, or those of a vendor, or contractor. Staff and Board members must disclose any personal relationships or business activities with contractors that may be perceived as influencing the performance of their duties.

Marketing: Marketing practices are conducted with truth, fairness, and responsibility to residents, the community and the public at large. All information issued is accurate at the time of publication, and is not presented in an intentionally misleading manner. Baptist Senior Family will not purposely misrepresent its services, supply needs, or any other aspect of its business.

Power of Attorney: It is the policy of the Organization to enforce the regulatory prohibition that no employee, member of the Board, or anyone having a financial interest in the facility may assume power of attorney (POA) for a resident, unless for an immediate family member, or unless ordered by a court of competent jurisdiction. Immediate family member includes: spouse; birth or adoptive parent, child, or sibling; stepparent, stepbrother, or stepsister; father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law; grandparent or grandchild; aunt or uncle; and spouse of a grandparent or grandchild.

5. Contacts from Government or Other External Auditors

The Organization is committed to full compliance with all state and federal laws and cooperates with all reasonable demands made in any governmental investigation of Baptist Senior Family, its employees, or agents. However, the Organization deems it essential that the legal rights of the Organization, its employees, and agents are protected. If any employee receives a subpoena, inquiry or other legal document concerning Baptist Senior Family, whether at home or in the workplace, from any governmental agency, the employee shall first notify his/her supervisor who shall then alert the Executive Director who shall alert the Corporate Compliance Officer. The Corporate Compliance Officer shall alert the President & CEO, and Baptist Homes Counsel, as soon as possible. The contacted employee may request the assistance of counsel or appropriate Baptist Senior Family personnel prior to responding to inquiries. The Organization may provide access to Counsel for such employees. However, by making Counsel or staff available, Baptist Senior Family has no intent to interfere with or deter a lawful government investigation.

6. Accounting and Financial Reporting

Accounting

The Organization's assets and financial transactions are accurately and properly documented in accordance with generally acceptable accounting principles. Federal law requires that our books and records accurately reflect all transactions, including any payment of money, transfer of property, or furnishing of services. The Organization complies with a variety of laws regarding the retention of books, records, and documents. Staff members cooperate fully with auditors or legal counsel retained by the Organization to conduct audits or investigations pertaining to this guideline.

Baptist Senior Family expects that all staff members, professionals, and contractors are familiar with these requirements, and employs oversight mechanisms for all billing services. To assure that the Organization is billing Medicare properly, the Organization periodically conducts an audit of its claims, either directly or through an outside consultant.

The Organization recognizes that current law requires health care providers to report and return identified governmental overpayments within the later of: (a) sixty (60) days after identification; or (b) the date the cost report for the fiscal period at issue is due. D. Disciplinary Action

Baptist Senior Family's staff members, Board members, physicians, contractors, volunteers and vendors are responsible for reporting known or suspected violations of the standard and for cooperating with compliance investigations. Failure to do so results in disciplinary action up to and including termination of the employment or business relationship, depending on the circumstances of a particular violation.

Any Organization employee accused of misconduct is given notice of the allegations, and the opportunity to respond to those allegations. Disciplinary action, as appropriate, is taken on a fair and equitable basis.
